

New Source Review newspaper advertisements for construction permit applications, May 26, 2016. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: May 20, 2016, May 24, 2016, May 25, 2016, or May 26, 2016. Public notices are generally published every two weeks. The previous publication of public notices was May 12, 2016.

#### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15<sup>th</sup> Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2<sup>nd</sup> Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532 0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is Cirrus Design Corporation (Cirrus Aircraft) with a mailing address of 4514 Taylor Circle, Duluth, MN 55811. The facility seeks to obtain an air contaminant permit (05-0345-01/971566P) for construction of a surface coating operation at 2954 Airfield Service Drive, Aloc, TN 37701. The proposed operation would consist of one (1) paint spray booth with two (2) high volume low pressure spray guns for repainting of aerospace vehicles or components. Fabric filters will be used for pollution control. There will be physical construction with regulated air contaminants emitted by the source. Tawanna F. Reid is the assigned Division person.

For the Blount County "Maryville Daily Times"-- publish once on Thursday, May 26, 2016.

---

The applicant is Paws 2 Remember, LLC with a mailing address of 581 Latham Chapel Road, Lavinia, TN 38348. They seek to obtain an air contaminant permit (Division identification number: 09-0148-01/971537I) for construction of an animal crematory operation located at the same address. This proposed operation would consist of a crematory and associated equipment used to incinerate animal remains. Propane would be used for fuel. An afterburner and secondary chamber temperature monitor would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. B. Hall is the assigned Division person.

For the Carrol County "Carrol County News-Leader"-- publish once on Wednesday, May 25, 2016.

---

The applicant is Lhoist North America with a mailing address 750 Old Hickory Blvd., Suite 2-200, Brentwood, TN 37027. They seek to obtain an air contaminant permit (Division identification number: 26-0026-11/971419) to replace existing loadout spouts and modify existing baghouses' controlling silos and load out spouts located at 2024 Crownover Road, Sherwood, TN. Regulated air contaminants would be emitted by this source. Mr. J. Swinea is the assigned Division person.

For the Franklin County "Winchester Herald Chronicle"-- publish once on Tuesday, May 24, 2016.

---

The applicant is Tyson Farms, Inc. with a mailing address of 234 Tyson Drive, Estill Springs, TN 37330. They seek to obtain an air contaminant permit (Division identification number: 26-0088-01/971488) for modification of a Feed Mill located at the same address. This existing operation consists of storage silos, material receiving hoppers, grinders, pelletizers, and associated equipment used to produce feed for livestock. Cyclones and fabric filters are used for pollution control. The requested modification is to replace the whole grain receiving baghouse and the grinding operation baghouse. There would be physical construction. Regulated air contaminants are emitted by this source. Mr. J. Fuss is the assigned Division person.

For the Franklin County "Herald-Chronicle"-- publish once on Tuesday, May 24, 2016.

---

The applicant is Meritor Heavy Vehicle Systems LLC, with a mailing address of One Rockwell Drive, Morristown, TN 37813. They seek to obtain an air contaminant permit (Division identification number 32-0288-11 / 971513P) for construction of a Die Polishing Operation located at the same address (mailing address). This operation consists of a hand held grinder used at their steel forging dies operation. There would be physical construction, and regulated air contaminants would be emitted by this source. A dust collector would be used for pollution control. Mr. Younes Aleali is the assigned Division person.

For the Hamblen County “Citizen Tribune”- publish once on Friday, May 20, 2016.

---

The applicant is CLARCOR, Inc. with a mailing address of 2203 Oakland Parkway, Columbia, TN 38401. They seek to obtain an air contaminant permit (Division identification number: 60-0280/971623) for construction of forcespinning machines at 2203 Oakland Parkway, Columbia, TN 38401. This proposed operation consists of (4) forcespinning machines and associated equipment used to produce nanofibers. Due to the amount and type of emissions, a regenerative thermal oxidizer is proposed for air pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. J. Pratt is the assigned Division person.

For Maury County “Daily Herald”--publish once on Thursday, May 26, 2016.

---

The applicant is Bell Helicopter with a mailing address of 450 Industrial Park Road, Piney Flats, TN 37686. They seek to obtain an air contaminant permit (Division identification number: 82-0280-03/71427P) for a Surface Coating Operation of different parts used in manufacturing of helicopters located at 441 Industrial Park Rd, Piney Flats, TN. This operation consists of a spray booth. There would be physical construction. Regulated air contaminants are emitted by this source. Ms. S. Shajikumar is the assigned Division person.

For Sullivan County “Bristol Herald Courier” publish once on Thursday, May 26, 2016.

---

The applicant is Oakley-Cook Funeral Home & Crematory with a mailing address of 2223 Volunteer Parkway, Bristol, TN 37620. They seek to obtain an air contaminant permit (Division identification number: 82-0248-01/970608I) for construction of a human crematory operation located at the same address. This proposed operation would consist of a crematory and associated equipment used to incinerate human remains. Natural gas would be used for fuel. An afterburner, secondary chamber temperature monitor and opacity monitor would be used for pollution control. There would be no physical construction. Regulated air contaminants would be emitted by this source. Mr. Malcolm Butler is the assigned Division person.

For the Sullivan County “Bristol Herald Courier” -- publish once on Thursday, May 26, 2016.

---

The applicant is Brentwood Cleaners, LLC with a mailing address of 5008 Maryland Way, Brentwood, TN 37027. They seek to obtain an air contaminant permit (Division identification number: 94-0220/971522) for the modification of the existing dry cleaning operation at 5008 Maryland Way, Brentwood, TN 37027. The existing operation consists of (2) dry-to-dry perchloroethylene dry cleaning machines. The requested modification is to replace the (2) perchloroethylene dry cleaning machines with (2) dry-to-dry hydrocarbon dry cleaning machines. Refrigerated condensers will be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. J. Pratt is the assigned Division person.

For Williamson County “Am Section of the Tennessean”-- publish once on Wednesday, May 25, 2016.

---

The applicant is LoJac Enterprises, Inc. with a mailing address of P.O. Box 387, Hermitage, TN 37076. They seek to obtain an air contaminant permit (Division identification number: 95-0012-04/971585P) for construction of a Crushing & Sizing Operation located on 2162 Murfreesboro Road, Lebanon, TN 37087. This proposed operation would consist of a crusher, screen, conveyors, crushed aggregate stockpiles and associated equipment used to produce recycled asphalt pavement (RAP). Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. R. Benjamin is the assigned Division person.

For the Wilson County “Lebanon Democrat”-- publish once on Thursday, May 26, 2016.
